

I Ching Consultation: Coin Method Card

Printable. Six steps, three honest notes.

Coin Method in 6 Steps

- 1. Quiet the mind. Hold one clear question.
- 2. Toss three coins. 3 heads = old yang (moving); 3 tails = old yin (moving); 2 heads 1 tail = young yin; 2 tails 1 head = young yang.
- 3. Repeat six times, building the hexagram from the BOTTOM line up.
- 4. Read the hexagram's overall judgment (卦辭).
- 5. If there are moving lines, read those line texts (爻辭).
- 6. Moving lines create a second hexagram — the direction of change.

Three Honest Notes

- Ask about what you can influence, not lottery numbers.
- One question per casting. Don't re-cast until you get the answer you want.
- The I Ching reflects on a situation; it does not decide for you.
