

Zhou Yi vs Yi Jing: Relationship Map

Source code, documentation, shipped release.

Zhou Yi vs Yi Jing — the Relationship

- Zhou Yi (周易) = the original core: 64 hexagrams + judgments + line texts. Zhou dynasty.
- Ten Wings (十翼) = the commentary layers added later.
- Yi Jing / I Ching (易經) = Zhou Yi + Wings together, the received classic.
- So: every Zhou Yi is (part of) the Yi Jing; the Yi Jing is bigger than the Zhou Yi.

Analogy: the Zhou Yi is the source code; the Ten Wings are the documentation; the Yi Jing is the shipped release.
